Engine/Fuel Type: unleaded

Engine Hours: 440

Engine Power: 300|horsepower

## **Tanks**

Fresh Water Tanks: 00Gallons

Fuel Tanks: 00Gallons

## **General Boat Description**

The MAKO 284 CC is versatile enough for almost any offshore adventure, whether you're hunting marlin in the Gulf Stream or mahi in the kelp paddies. Powered by twin Mercury 300HP Engines and with a 228-gallon fuel capacity, it has the range to get you out farther and keep you out longer.

The 284 CC is outfitted to fish with two in-deck 290-qt. fish boxes, an outrigger-ready fiberglass hardtop and a full-featured bait station. And the quality of construction (100% composite) is unparalleled—the hull and deck are chemically bonded and mechanically fastened every 6" with stainless steel fasteners. The 1-piece, molded, gelcoated stringer grid reinforces the hull for a lifetime of fine performance.
