Year Built: 0

Engine Model: 120

Engine Type: Inboard

Engine/Fuel Type: diesel

Engine Hours: 6500

Engine Power: 120|horsepower

## **Tanks**

Fresh Water Tanks: 250Gallons

Fuel Tanks: 275Gallons

## **General Boat Description**

### **1979 Marine Trader double cabin**

**The Marine Trader 36 is a double cabin trawler whose classic profile, full teak interior, walkaround decks, and—most important of all—inexpensive price combined all the elements of a successful Taiwan import. a classic trawler design, the Marine Trader 36 was heavily built on a solid fiberglass hull with hard aft chines, a flared bow, and a long, prop-protecting keel. One of the most appealing features of the 36 is her traditional, all-teak interior.**

**Originally designed with the galley to port in the salon and twin berths in the aft cabin, in 1977 the floorplan was rearranged with the galley moved to starboard and a dresser replacing the single berth in the aft stateroom.**

**A lower helm is standard, and a tub/shower is located in the aft head.**

**Note the access door from the aft stateroom directly to the cockpit. Additional features include port and starboard deck doors, a functional mast and boom, teak swim platform, teak decks, and teak handrails.**

**With a single Lehman 6-cylinder diesel, the Marine Trader 36 will cruise efficiently at 7–8 knots.**

**Lehman 120 with approx 6500hrs. Runs great, I've changed all fluids and removed/checked all heat exchangers and hoses.**

**Generator was moved to stern but needs work. Westerbeke 8 model. Has all parts just needs time.**

**New batteries, charger and wiring January 2023 (\$4k)**

**Upper deck and main cabin**

**Garmin chartplotter.**

**Upper deck autopilot.**

**Radar disk, no head unit currently.**

**Fully functioning anchor chain windlass. 80ft chain, 120ft rope.**

**Onboard AC runs well.**
