Aspen C107 2026

Year: 2026

Length: 34 ft

Price: \$548,700

Located in: Burlington, WA US

Hull Material: Fiberglass

Engine/Fuel Type: unleaded

YW# 4390822

Make

Make: Aspen

Builder: Aspen

Designer: Larry Graf

Measurements

Length Overall: 37.00 ft

Max Draft: 3.00 ft

Bridge Clearance: 10.00 ft

Cabin Head room: 6.42 ft

Beam: 10.00 ft

Free board: 6.00 ft

Range: 322.22 mi

Engines

Total Power: 200|horsepower

Engine Brand: Mercury

Year Built: 2024

Engine Type: Outboard 4 Stroke

Engine/Fuel Type: unleaded

Engine Hours: 0

Engine Power: 200|horsepower

Tanks

Fresh Water Tanks: 120Gallons

Fuel Tanks: 1130Gallons

General Boat Description

The new 34' C107 is unlike any other boat ever designed, with asymmetrical hulls and asymmetrical power. This is the quietest Aspen ever designed, and scoots across the bay smoothly.

Aspen's C107 is optimally paired with a 70hp and 200hp engine, providing a nice balance for our Power Proa hull. The engines run perfectly in unison or individually. They both are rated for the same RPM range (5,000-6,000), have the same lower unit gear ratio, and similarly pitched props. The motors deliver thrust proportional to their Hp at the same Rpm. Our port hull, being 35% thinner, takes about 50% less energy to slip through the water. The starboard hull now without the keel form and prop pocket combined with the hull shape at the bow lets the boat run in balance. No helm correction is needed, and hands-free tracking is on par with our inboard design.

The new C107 has a similar cabin, salon, and interior components as our C100. Nicely appointed with Burmese Teak, custom selected tile backsplash, and more.
