

## Aspen C128 Flybridge 2027

Year: 2027

Length: 44 ft

Price: \$1,410,700

Located in: Burlington, WA US

Hull Material: Fiberglass

Engine/Fuel Type: unleaded

YW# 9906848

### **Make**

Make: Aspen

Builder: Aspen

Designer: Larry Graf

### **Measurements**

Length Overall: 46.50 ft

Max Draft: 3.75 ft

Bridge Clearance: 16.00 ft

Cabin Head room: 6.83 ft

Beam: 13.92 ft

Free board: 8.00 ft

Range: 300.00 mi

## Engines

Total Power: 300|horsepower

Engine Brand: Suzuki

Year Built: 2026

Engine Model: DF300BMB

Engine Type: Outboard

Engine/Fuel Type: unleaded

Engine Hours: 0

Engine Power: 300|horsepower

## Tanks

Fresh Water Tanks: 250Gallons

Fuel Tanks: 2150Gallons

## General Boat Description

### Aspen's C128: A New Class of Cruising Excellence

The Aspen C128 is a bold reimagining of what a 44-foot cruiser can be — designed to fulfill every boater's dream of the perfect vessel. Built in the Pacific Northwest by skilled local craftsmen, every detail has been thoughtfully engineered for style, ease of use, and lasting durability. If your vision of the ideal boat includes exceptional seakeeping, 70% more roll stability, and 50% less carbon impact, think Aspen.

At 45\6" (13 meters) LOA, the C128 is a breath of fresh air in this size category. Now offered with an innovative twin outboard power configuration, she delivers the performance today's boaters demand—fast, efficient, and remarkably spacious. With over 800 square feet of living and deck space, the C128 offers the kind of room typically found on much larger yachts, including expansive salon areas, generous staterooms, large heads, and a wide-open cockpit.

Aspen's patented, award-winning hull design ensures smooth, confident performance in all conditions. Cruise comfortably at 20 knots, with a top speed of 28 knots powered by twin 300 HP Suzuki outboards. Fuel economy is exceptional—just 12 gallons per hour at 16 knots—delivering up to 50–60% better efficiency than comparable boats. That means you can go farther, faster, and more affordably.

The contemporary interior begins with a salon designed to connect you with the world outside. Expansive windows offer panoramic 360-degree views from every seat, immersing you in your surroundings. Each hull features a private head with large vanity and full shower. The queen-sized guest stateroom beneath the dinette includes a hanging locker, portlights, and reading lights, while a second guest stateroom with a twin bed lies below the galley. At the bow, you'll find the truly exceptional full-beam King Island Master—complete with port and starboard hanging lockers, drawer sets, and a dedicated vanity—an unmatched feature in this size class.

Whether for weekend getaways or extended coastal adventures, the Aspen C128 delivers the freedom, comfort, and efficiency to cruise in confidence for weeks—or even months—at a time.
