Fresh Water Tanks: 156Gallons

Fuel Tanks: 180Gallons

General Boat Description

Presented by Aspen Power Catamarans

2013 Aspen C-90

In most boats you slow down to improve the ride when the water is rough, but in this one you speed up instead." As our speed climbed over 15, over 16 and approached 18 mph, the ride got progressively smoother! Larry demonstrated how adjusting the trim tabs ever so slightly improved the running attitude, but with or without tabs we were slicing through four footers as if they were merely overachieving ripples.

Chuck Gould, *Pacific NorWest*, May 2013

Power:

- **Engine Make:** Volvo
- **Engine Model:** D3 150hp
- **Engine Hours:** 1075

This 2013 Aspen C-90 is a well-maintained and highly capable vessel, perfect for weekend trips and coastal exploration. The boat is in excellent condition both cosmetically and mechanically. Its innovative hull design provides a stable and efficient ride, while the included Float On Aluminum

Trailer makes it easy to transport and store.

Comes equipped with a full suite of electronics, including a Garmin 4210 Chartplotter, Radar, Autopilot with a wireless remote, along with a 1000 watt transducer, plus a handy thruster remote. The Volvo Electronic Vessel Management System and solar panels provide a clear and efficient way to monitor and manage the boat's systems.

The layout is comfortable and practical. The dinette features ultra leather upholstery and converts into a berth. The Salon, stateroom and head have snap curtains for privacy. The boat comes with a shore power cord, lines, and fenders. This is a turnkey boat ready to go cruising.

The 150hp Volvo D3 engine has been well-maintained and has 1075 hours of use. This power plant is known for its reliability and fuel efficiency, making it an economical choice for extended time on the water. This C-90 offers a great combination of features, efficiency, and ease of use.
