YW# 9906835

Make

Make: Aspen

Builder: Aspen

Designer: Larry Graf

Measurements

Length Overall: 11.17 ft

Beam: 5.33 ft

Tanks

Fresh Water Tanks: 00Gallons

Fuel Tanks: 00Gallons

General Boat Description

The T11C is the ultimate light weight, durable and dry riding Carbon Cat. Console steering with a wheel and comfortable seating makes the T11C fast versatile and fun to drive. The console driving position improves visibility and keeps the boat balanced whether cruising or docking.

Like all Carbon cats the T11C has a unique hybrid-cat hull with a narrow forefoot that transitions into twin hulls aft. This design provides excellent stability, handling, and fuel economy while delivering a smooth dry ride.

Built using ultra strong and low weight Carbon fiber composites, the T11C is incredibly strong and versatile. It can be beached (Removable Beachmaster Wheels are an option,) can be hauled using a variety of davit configurations, and is easily trailered.

- LOA: 11'2"
- Beam: 5'4"
- Finished Weight: 243 lb.
- Horsepower: Max 20 HP
- Capacity: 5 Persons
