Slipped at Safe Harbor Chula Vista

Custom Stars & Stripes Light Blue Hull, Generator, Air Conditioning, Water-maker, Solar, Hard Dodger,

Custom Canvas, Bow Thruster, SSB, B&G Plotter, Raymarine Electronics, The List goes on & on

If you are looking for a fun & easy to sail proven offshore cruiser or just a comfortable sailboat to go out sailing on with a great cockpit and interior layout this is a must see. Serendipity II has a 3 Cabin 2 Head Layout with one of the cabins aft behind the galley being converted to a storage / utility room. The galley is large and spacious and the salon inviting. Check out the video walkthrough by: Ian Van Tuyl the listing agent to get a great feel for the boat.

- **Liveability:** Many owners praise the spacious and comfortable interior, describing it as being more like a floating condo than a typical sailboat, with a great galley and plenty of storage.
- **Handling:** The boat handles well under power, and many owners find it surprisingly easy to maneuver, especially when backing up. The bow thruster on many models is considered a significant advantage.
- **Performance:** While not considered a bluewater cruiser by some, it sails well and can reach speeds of 8-9 knots. The in-mast furling main is easy to handle.
- **Features:** The boat is well-equipped for its time, with a Selden B&R rig that provides an unobstructed view and an in-mast furling system for easy reefing.
- **Value:** As a boat that offers a lot of space and features for the price, it is often seen as a good value.
