The Monte Carlo 5 conveys the premium spirit of the line with great distinction. This iconic model stands apart for the elegance of its textures, the attention to detail and its highly accomplished Italian design. Combining its ancestral know-how and its technological lead, BENETEAU has designed a motor cruiser whose values stem directly from those of Monte Carlo Yachts.

The MC5 is born from the desire invent a style both combining the traditional and innovative, encompassing the need for more responsible boating and a return to the core value of luxury goods as well as from the decision to combine the industrial know-how of the world-leading French Group with quintessential Italian nautical design.

Key Features:

Flybridge = The stunning Monte Carlo 5 Flybridge is fitted out as a living space in its own right. It features the option of an outdoor galley, in which a griddle can be fitted

Materials = Bow-plate, careful choice of materials, light inflow, harmony of colors and textures make the Monte Carlo 5 an outstanding boat. The soft touch finish on corners, hand sewn leather coverings, and carefully polished vegetable-tanned leather furnishings reveal the full expertise and know-how of the BENETEAU workshops.

Night Spaces = Below deck, the master cabin and the VIP cabin are designed as two luxurious suites with en-suite heads featuring separate showers. Pamper yourself in the bright comfy atmosphere flooding these incredibly voluminous spaces.

Steering Stations = The steering station has two highly-modern 16" control panel monitors and offers outstanding visibility thanks to the single-piece structure of its windshield. Its tanned leather seat exclusively designed for the range is matchless in terms of comfort.
